

About Vale Wood Farms

The Vale Wood Farms label is your guarantee of quality from a family with generations of experience in the dairy business.

We manage quality at every step - from cow to consumer. On our family farm, we grow the crops to feed our own herd of cows, and then process their milk into quality dairy products for you and your family.

Vale Wood Farms is proud to meet standards that certify our farm as "cow friendly." Our dedication to quality products begins with dedication to a healthy, happy herd of cows.

Vale Wood Farms offers home delivery of our full line of quality dairy products. Ask your grocer for Vale Wood Farms products, or call today to receive home delivery.

A visit to the farm makes for a great fieldtrip- and we're closer than you think!
