

From Moo to You SHORT COURSE

At Vale Wood Farms,
we manage quality at
every step-
From Moo to You.

On our family farm, we grow crops to feed our own herd of cows and then process their milk into a full line of quality dairy products. We deliver our milk products to local homes, schools, stores, and businesses. We also host thousands of visitors each year to our many farm events.

Think you'd like to process and deliver your milk directly to consumers?

Come and learn what it takes from a family that's been at it for generations!
