

Each year, we welcome thousands of school tour visitors to our farm. We are proud to be one of the few family farms where you can experience all aspects of the dairy industry- from moo to you. We are glad to share our farming heritage with our youngest visitors.

At Vale Wood Farms, we manage quality at every step - from cow to consumer. On our family farm, we grow the crops to feed our own herd of cows, and then process their milk into quality dairy products for you and your family.

Our dedication to quality dairy products begins with our commitment to a healthy, happy herd of cows. We deliver our full line of dairy products to homes, schools, and stores within about an hour radius of our farm.
